### ICE statement regarding questions on enforcement planning

While we generally do not comment on future potential law enforcement actions, operational plans are subject to change based on a variety of factors. Due to the current weather situation in Florida and other potentially impacted areas, along with the ongoing recovery in Texas, U.S. Immigration and Customs Enforcement (ICE) had already reviewed all upcoming operations and has adjusted accordingly. There is currently no coordinated nationwide operation planned at this time. The priority in the affected areas should remain focused on life-saving and life-sustaining activities.

For the safety and security of our communities, ICE fugitive operations teams will continue to target and arrest criminal aliens and other individuals who are in violation of our nation's immigration laws, in non-affected areas of the country, as part of routine operations.
