### Update for DACA Recipients Who Received 3-Year Work Permits

USCIS has accounted for over 99 percent of the approximately 2,600 identified invalid work permits requiring return. Twenty-two of the approximately 2,600 recipients failed to return their work permits or certify good cause for not doing so by the deadline of July 30, 2015. As a result, those 22 have been terminated from DACA.

The recall only applied to SOME individuals who received a card after the Feb. 16, 2015, court order. There are approximately 108,000 individuals who have valid 3-year DACA work permits and do not need to return them.

If you were affected by the recall and returned your invalid 3-year work permit, use Case Status Online to verify whether USCIS received your work permit.
